Your Property Improvement Plan

Prepared for **Jane Smith** | **20 October 2026**

These are recommended improvements to achieve the results sent to you in your property appraisal.

PROPERTY

SAMPLE - 12 Example Street, Culburra Beach NSW 2540

RECOMMENDATIONS

13 recommendations across 6 areas

Overall property

1. Install a dishwasher.
2. Install a tumble dryer. A heat pump dryer is quieter and more energy efficient.
3. Supply an espresso machine. A Nespresso compatible pod machine is the simplest option for guests.

The kitchen is a strong feature.

Exterior

1. Install a quality BBQ sized for the guest capacity, suited to coastal conditions.
2. Install an outdoor spa. A spa is one of the strongest drawcards for holiday guests.
3. Cover the deck or add a pergola so guests can use the outdoor area in all weather.

Garden

1. Landscape the back garden to create an attractive outdoor space for guests.
2. Plant bushes and trees to give the property more privacy.

Living area 1

1. Replace the couch. Leather or leather-look is easiest to keep clean.
2. Add a coffee table and side tables next to the seating.

Bedroom 2

1. Replace the bed frame with a quality frame such as timber.
2. Fit blockout blinds or curtains.

Bathroom 1

1. Replace the vanity.

If you have any questions about this plan, I am happy to help. My details are below.
